Transparent & Clear & Durable

## Stickers On Sheet

Kiss Cutting Sticker Multiple Stickers On Sheet

## Application Instructions

BEFORE PEELING, measure UV DTF CUP WRAP against your 16 oz glass cup and cut to the desired size if necessary. Peel design transfer

off of backing. Place the transfer on the cup ensuring design is straight and positioned correctly. Press the transfer down, working

from the center outwards, pushing out any bubbles. Rub all over the design with your fingers. Peel clear film off and you're done!

**Please note:** ADJUSTMENTS MAY BE NECESSARY.

Not all brands of 16 oz. glass cups have the exact same measurements. They can differ by a couple of millimeters.

Our printing size is suitable for most 16oz sizes, if you have custom size requirements, please let us know, we support

customization. Customized products need you to confirm the pattern and print size, and do not accept returns and refunds. We will

confirm with you again and again before printing, please rest assured!

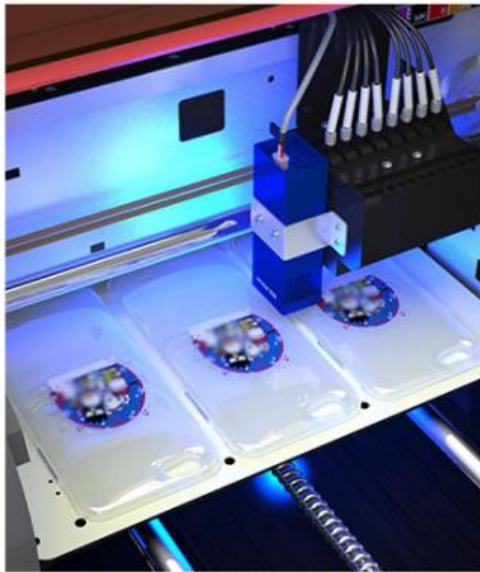

### **What materials can be transferred on?**

Hard material substrates such as glass, wood, metal, plastic, leather, etc. Waterproof, sunscreen and high temperature

resistance. The surface is protected by varnish coating, no fading and scratch resistance.

## FAQ

### 1. how can we guarantee quality?

Always a pre-production sample before mass production;

Always final Inspection before shipment.

**2.what can you buy from us?** Heat Transfer Printing Stickers, Heat Transfer Vinyls, UV Wrap Sticker and so on.

**3. why should you buy from us not from other suppliers?** We have more than 10 years of experience in the heat transfer industry. Our factory has 800+ square meters, with automatic

machines and semi-automatic machines, which can meet the production needs of different heat transfer products. The monthly output

exceeds 2 million. In addition, we provide one-stop heat transfer solutions. Welcome to place an order with us.

**4.Could you offer samples for testing quality before order? Is there any sample fee?** The stock samples are free but freight collected.we can make the sample if you want. The samples fee can be returned if it reaches a certain quantity.

**5.How long will it take to get the production?** Usually sample 2-5 workdays, bulk 5-10 days due to the craft and quantity.
